

## **SAFETY WARNINGS AND INSTRUCTIONS**

### **PLEASE READ ALL SAFETY WARNINGS AND INSTRUCTIONS BEFORE USE TO AVOID INJURY.**

These safety warnings and instructions cannot cover all possible conditions that could occur and users should exercise care and caution.

Keep these safety warnings and instructions for future reference as they contain important information.

#### **Intended users**

- VEEV device and VEEV pods are for adult-use only.
- VEEV device and VEEV pods are for current adult e-cigarette users and smokers who would otherwise continue to use tobacco or nicotine-containing products.
- Children and adolescents should never use VEEV device or VEEV pods under any circumstances.
- VEEV device or VEEV pods should not be used by persons with reduced physical, sensory or mental capabilities or lack of knowledge, unless they have been given supervision or instruction to use the product in a safe way and understand the hazards involved.

#### **Nicotine**

- VEEV pods contain nicotine, which is addictive.
- VEEV device and VEEV pods are not risk-free. The best way to reduce nicotine-related health risks is to quit tobacco and nicotine use altogether.
- Some consumers of VEEV reported experiencing (in alphabetical order) abdominal pain, cough dizziness, dry mouth, headache, malaise, nasal stuffiness, nausea, mouth irritation, throat irritation, vomiting.
- Nicotine-containing products should not be used by people who have or are at risk of heart disease, are diabetic, are epileptic or are experiencing seizures.
- Nicotine-containing products should not be used during pregnancy or while breast-feeding. If you are pregnant, breast-feeding, or think you may be pregnant you should quit tobacco and nicotine use altogether.
- Stopping smoking or switching to VEEV device and VEEV pods or other nicotine-containing products may require the adjustment of the dosing of certain medicines (e.g. theophylline, clozapine, ropinirole).
- If you have questions about whether you should use VEEV device or VEEV pods given an existing health condition, you should consult a health care professional. "

## IMPORTANT SAFETY INFORMATION

### CHOKING AND INGESTION HAZARD

- Keep VEEV device and VEEV pods out of reach of children and pets at all times.
- CHOKING HAZARD — VEEV device and VEEV pods contain small parts.
- INGESTION HAZARD —If VEEV device or VEEV pods or their parts are swallowed, seek medical attention immediately due to risk of nicotine intoxication."

### ELECTRICAL AND BATTERY HAZARD

#### Electrical Risks

Failure to follow these Safety Warnings and Instructions could result in fire, explosion, electric shock, injury, or damage to the product or other property:

- o Only Intended Users should use VEEV device.
- o Do not use VEEV device where the use of electronic devices is prohibited.
- o Do not charge or use VEEV device or accessories if damaged, tampered with or broken.
- o Do not use VEEV device if its battery appears to be leaking.
- o Only charge VEEV device using a manufacturer-approved USB Cable supplied in the box and AC Power Adaptor sold separately, for charging purposes. Do not use accessories not approved by manufacturer. Refer to 'Technical Data' section and [www.veev-vape.com](http://www.veev-vape.com) for details.
- o Do not use, charge, or store VEEV device in places with high temperature (such as inside a car in summer, or near heat sources such as radiators or fireplaces).
- o Do not use VEEV device where flammable materials, liquids and gases are present.
- o VEEV device, AC Power Adaptor and USB Cable should not be exposed to any liquid. Do not touch them if they become wet or have been immersed in any liquid.
- o Never dispose of VEEV device with other household waste, as it may enter in contact with water and/or other liquids.
- o Clean the USB charging port periodically to avoid accumulation of foreign matters (such as dust particles), and inspect USB port for foreign materials before using USB connector.
- o Disconnect VEEV device and/or its accessories from any source of power if it overheats, fumes, ignites, or burns while charging.
- o Do not touch VEEV device and/or its accessories if they overheat, spark, fume, ignite, or burn. If applicable and possible, use caution to shut off or disconnect power supply.
- o Handle with care. Do not drop VEEV device or subject it to strong shock.

o This product contains no user-serviceable parts. Do not attempt to open, modify, service, disassemble or repair any component of VEEV device or to replace any of the components or batteries

### **Battery Risks**

VEEV device is powered with sealed Lithium-ion (Li-on) batteries. Under normal conditions of use, the battery is sealed. If you notice that battery fluid leaks, follow these precautions:

- o If fluid from leaked battery is swallowed, seek medical attention immediately. Do not induce vomiting or ingest food or drink.
- o If vapor from leaked battery liquid is inhaled, get fresh air and seek medical attention.
- o If fluid from leaked battery is in contact with skin, wash hands and do not touch eyes.
- o If fluid from leaked battery is in contact with eyes, immediately flush with running water for at least 15 minutes and seek medical attention immediately.

### **Allergic reaction risk**

- Using VEEV device and VEEV pods could cause an allergic reaction, such as swelling of the face, lips, tongue, gums, throat, or body, difficulty breathing, or wheezing.
- Stop using VEEV device and VEEV pods and seek medical attention immediately if you experience any of the symptoms above as they may indicate a serious allergic reaction.

### **Exclusive Use of VEEV pods**

- Only purchase VEEV device and VEEV pods from your local or online VEEV stores or other authorized retailers.
- Only use VEEV pods with VEEV device. Never use VEEV device with other pods. Doing so may cause injury.
- Do not modify or attempt to refill VEEV pods in any way or add any substance to VEEV pods. Doing so may cause injury.

### **Usage & Storage**

- o Do not expose this product to excessive temperatures or moisture.
- o It is recommended to use the product between 0°C-40°C.
- o Store in a place inaccessible to children.

### **Reporting of adverse events or incidents**

- If you experience any unwanted health effect when using VEEV device, consult a health care professional.

This is the safety alert symbol. It is used to alert you to potential physical injury hazards

- You can report any adverse event or incident directly by contacting your local Call Center (details can be found in the Customer Care & Warranty booklet). By reporting side effects, you can help provide more information on the safety of this product.

## **TECHNICAL DATA**

### **VEEV Device Kit**

Electronic nicotine delivery system for multiple use with Bluetooth® technology"

Manufacturer: Philip Morris Products S.A., Quai Jeanrenaud 3, 2000, Neuchatel, Switzerland

Importer: Philip Morris France S.A.S., 23-25 rue Delarivière Lefoulon, 92062 La Défense Cedex, France

The customer service is available 7/7 from 8am to 10pm at : 0800 292 292

### **The kit includes:**

VEEV Device (Made in Malaysia)

Model B-1603

Bluetooth 4.2

Battery type: Li-ion Rechargeable Battery (230 mAh)

Input: 5V (CPI-RRP-VAR-0949) 2A

USB Cable Type C (Made in China)

AC Power Adaptor is sold separately.

### **Confirmation of Compliance**

Hereby, Philip Morris Products S.A. declares that VEEV is in compliance with the essential requirements and other relevant provisions of Directive 2014/53/EU. The official Declaration of Conformity may be found at: [www.pmi.com/declarationofconformity](http://www.pmi.com/declarationofconformity)

VEEV device Model B-1603 operates within 2.402 – 2.480 GHz frequency band with a maximum RF output power below 10.0 dBm.

### **Bluetooth®**

The Bluetooth® word mark and logos are registered trademarks owned by Bluetooth SIG, Inc. and any use of such marks by Philip Morris Products S.A. and its affiliates is under license. Other trademarks and trade names are those of their respective owners.

Further information regarding the firmware license for VEEV device is available on [www.veev-vape.com](http://www.veev-vape.com).

This is the safety alert symbol. It is used to alert you to potential physical injury hazards

## **INFORMATION ON DISPOSAL**

VEEV device and its elements (including batteries) must not be disposed together with household waste. Instead, you should dispose your used device by handing it over to a special drop-off depot for recycling of electric and electronic devices. Separate collection and disposal of used equipment (including batteries) helps to preserve nature resources and ensures protection of human health and the environment. Disposal of used equipment as unsorted household waste (for example, its burning or damping) may cause adverse consequences for the environment and human health.

For additional information about the places where you can deliver your device for recycling please contact local administration.

## **BATTERY REMOVAL INSTRUCTIONS (FOR DISPOSAL AND RECYCLING)**

Batteries must not be removed by the consumer. Only an authorized recycler may safely remove batteries by following these steps.

VEEV Device Model B-1603:

Step 1: Check the voltage. The Device should be fully discharged before disassembling it. Press the Power Button to check if all the LED lights are off; if not, the Device should be discharged until all the LED lights are off.

Step 2: Remove the End Cap Cover attached with adhesive.

Step 3: Remove two screws (Countersink K1.8, T6).

Step 4: Remove the End Cap Part.

Step 5: Remove the Connector Part away by pushing it from the bottom and gliding it out.

Step 6: Disconnect Battery Connector by lifting it up.

Step 7: Turn the Device around and Disconnect the Battery from its slot. Battery is attached with very firm double-sided adhesive directly on the top of the PCB.

**Underage sale is prohibited.**

**VEEV device should only be used with special replaceable VEEV pods (sold separately).**

**Keep out of the reach of children.**

**Service term of VEEV device kit and its elements is two years from the date of its purchase.**
